

Dear Friends,

Over the past couple of weeks Temple Oheb Shalom and Har Sinai Congregation have created a Joint Task Force to continue exploring the possibility of combining our two communities.

We have spent our time getting to know one another, sharing information about our respective synagogues, identifying issues of importance and discussing our visions for the future.

Our dialogue has been filled with positive energy and our shared hope to build a strong Kehillah, community, for everyone.

While we are enthusiastic about the task ahead, our work has only just begun. Your input and participation will be vital and we will continue to communicate with you in the coming weeks as this process unfolds.

Thank you for your ongoing trust and understanding.

B'Shalom,
